## Austrians Win In North American Races At Squaw

### Starr Walton Thrills Crowd In First Big Meet On Olympic Site

SQUAW VALLEY — Toni Sailer and Putzi Frandl, both of Austria, captured the men's and women's combined titles of the North American Alpine ski championship Sunday at the site of the 1960 winter Olympic games.

The incomparable Sailer, skiing's "Golden Boy" took a second in Sunday's slalom, which coupled with Saturday's victory in the downhill, gave him the combined championship over Roger Stuab of Switzerland.

Sunday's races were unmarred by serious spills or injuries, a complete turnabout from the downhill when ten skiers were taken from the treacherous hill on stretchers and several were hospitalized.

Bruno Alberti of Italy was third behind Sailer and Trygve Berge, a Norwegian now instructing at Heav enly Valley, finished fourth. The leading American was Marvin Melville of Salt Lake City, who took fifth.

Putzi Frandl lost out to Betsy Snite, Norwich, Vt., in the women's slalom but won the combined title by finishing a close second. Therese Leduc of France took second in the combined standings with Carla Marchelli, Italy, being third. The leading American woman was Betsy Snite, who took the combined fourth.

Christian Pravda, former Austrian Olympic ace now instructing at Sun Valley, blazed down the course on his second run in 1:09.1 to capture the men's slalom and finish with a combined total of 2:22.8. Sailer covered the slalom course in 1:10.1.

Another Austrian, Anderl Molterer, ran the course faster than either Pravda or Sailer but was disqualified for missing a gate on his first run.

The crowd got a big thrill when 14 year old Starr Walton of Sacramento, running her first big-time race, took seventh in the women's slalom. She was the third fastest American woman, finishing ahead of Penny Pitou and Skeeter Werner, both of whom were on last year's Olymic team, and Renie Cox last year's national downhill champion.

## SCHOOL TRACK TEAM COMPETES IN NEVADA

Tahoe-Truckee's track team, led by Senior Doug Wilson, picked up eight points and a fifth place in the second annual Stewart invitational meet last Saturday. Hawthorne won the team trophy with a total of 28 points, followed by Stewart, Douglas, Fallon and Tahoe-Truckee.

Wilson picked up second places in the 440 and the high jump as well as running on the 440 relay which placed third behind Douglas and Hawthorne. Dave Holleman, Bob Trask and Dennis Rickert completed the relay team.

Other members of the 11-man team were Mayton Record, Barry Graton, Doug Ball, Stan Stock, Jerry Thompkins, Steve Ayala, Bill Burchfield.

Next action will be Saturday at which time the team will return to Stewart for the running of the Carson Valley relays.

## FEW CHANGES FOR DEER HUNT SEASON

The state fish and game department last week recommended adoption of 1957 deer hunting regulations virtually the same as those for 1956. The department presented the recommendation to the fish and game commission at the Los Angeles meeting.

The Sierra season was set from September 21 to October 27.

## LOCAL SKIER BREAKS LEG, HAS CAR STOLEN

Babette Haueisen of Truckee didn't have her best weekend last week.

She suffered a broken leg and head injuries while skiing at Squaw Valley, and to top off the foul luck plaque had her car stolen. The latter was recovered at Gateway Park and the patient is improving at Tahoe Forest Hospital so everything may turn out well after all.

## TWO SHOWS NIGHTLY AT DONNER THEATER

Beginning on Monday, April 15, Jack Neugebauer, manager of the Donner Theater, announced the theater will start showing two shows each night, instead of the one at present.

Neugebauer also said he was discontinuing the family night program which admitted the entire family at reduced rates on two nights a week.

### PICTURES SHOWN

Motion pictures shown by A. H. Murray of Placerville featured last week's meeting of the Truckee Lions Club. T. F. Sheehan, state patrolman, was a guest at the meeting and Roy Waters presided.

## Park Attendance Shows Big Gain At Donner In Year

Visitors at the Donner Memorial State Park during 1956 totaled 158,442, a gain of 21.16 per cent over the 130,773 who visited there in 1955.

This was revealed in recent studies of visitor attendance in California's state park system which showed an overall increase of 11.15 per cent in 1956 over 1955. Indications are, according to Newton B. Drury, chief of the division of beaches and parks, that the spiral of heavy use of the parks is continuing.

Because of the inaccesibility, attendance at the D. L. Bliss State Park at Lake Tahoe showed a decline of 20.45 per cent last year as compared with 1955, when 55,335 visitors were registered as compared to 67,049 the year before.

A similar condition of inaccessibility did not make such a marked change at Emerald Bay State Park, however. A slight gain of 1.51 per cent was recorded there when 10,461 visitors registered as compared to 10,305 during 1955.

## SELKIRK DISCUSSES TELEPHONE PLANS

In an interesting talk before a meeting of the Truckee Lions Club last night at Tahoe Inn, George Selkirk, manager of the telephone company in this area, told of the program completed by the company in the region and of the many improvements PTT plans for the coming summer months.

Ken Hedlund of Truckee was a visitor and Roy Waters presided.

## BANK TO RECESS FOR GOOD FRIDAY SERVICE

Lee Apple, manager of Bank of America's branch in Truckee, announced this week that on Good Friday, April 19, the local branch will close at noon, making it possible for employes to attend the services of their choice.

## FIRE DAMAGES HOME AS ROOF IS IGNITED

Starting from a spark from the chimney, fire Tuesday shortly afternoon damaged the home of Mr. and Mrs. D. J. Rockholm near Trout creek back of the elementary school. The damage was minimized by the fast work of the fire department which responded in record time to the alarm.

### ARVIN HERE WEEKENDS

Burke Arvin announced that he is closing his office tomorrow in the Masonic building on Commercial Row for the summer months. He may be contacted at his home at Donner Lake during weekends.

## Fire Service Day Program Planned Here For May 4th

### Open House, Dance, Buffet Are Scheduled For Local Program

In observance of Fire Service Day, May 4th, the Truckee Volunteer Fire Department is sponsoring a program that date to include an open house at the fire station and a dance and buffet at the Veterans' Memorial Hall. in the evening.

Chief N. F. Dolley said the department is extending an invitation to everyone to visit the fire station between 1 and 6 p. m. and inspect the new equipment and aquaint themselves with the services offered. Refreshments will be served during the visit.

That evening, starting at 9 p.m., the firemen will host a dance and buffet at the veterans' hall where a good time is promised all attending.

Governor Goodwin J. Knight has issued a proclamation in which he declares Saturday, May 4th as Fire Service Day and urges a "suitable program to develop mutual respect and understanding between our firemen and citizens be planned and placed into effect in each and every area and community throughout the State of California."

## OSBURN LANDS BIG TROUT IN DONNER; CATCH SETS RECORD

**More and bigger trout are coming out of Donner Lake this season than ever before.**

**Nearing the record set a week ago by Jack Waggoner in landing a 28-pound mackinaw, Charles Osburn this week snagged a 25½-pounder of the same species. Osburn's catch, which created considerable excitement and sent fishermen scurrying for their boats and tackle measured 39 inches from tip to tip. The day before, he caught a 9-pound and a 13-pound mackinaw.**

**Other good catches reported were by Leo Smisek who landed a 17-pounder and Art Mori, whose mackinaw weighed 19 pounds.**

## TRUCKEE NURSE TO HOLD LOCAL OFFICE

Mrs. John de Ryk who has been employed for the past three years at Tahoe Forest Hospital assumed her duties, on April 1 as the state public health nurse for the eastern end of Nevada County, working with Dr. L. D. Nelson, assistant health officer for the county.

Mrs. de Ryk, who is well known in this vicinity, will have an office in Truckee, the location not yet selected. She is a graduate of the University of Colorado School of Nursing and also took a post graduate course in surgical nursing in New York.

The Placer County Tuberculosis and Health Association has announced that the mobile chest x-ray unit will be at the Tahoe-Truckee High School on Thursday, May 2, from 1 to 7 p.m.

Parents, pupils and school employees are urged to take advantage of this valuable free service which is financed by the sale of Christmas seals.

The mobile unit will also be at Tahoe City and Kings Beach on June 13 and 14. Watch your paper for hours of operation.

### AT Disneyland—

Mrs. Norma Highfill and Tim Highfill were recent visitors at the Disneyland Hotel where they reported having a grand time.

## SUNBEAMS

By WALTER M. BARRETT

Now that Reno has announced plans to launch a big advertising campaign to induce travelers to use the Feather River Route during construction of five miles of Highway 40 between Floriston and the state line this summer, the Truckee and North Tahoe interests would do well to follow a suggestion worthy of more than passing note. This suggestion, approved by the Truckee Chamber of Commerce at yesterday's meeting, will not only provide the motorists with a much more convenient route, but would prove highly beneficial to this region. The idea is simply to set up gates at Truckee and Verdi where traffic could be held during the hours the road is closed. At approximately 20 minutes before the road opened, a telephone call to the two terminals could be made and traffic released. This method would eliminate the necessity for travelers to sit in the hot sun for hours at the site of construction. Still another proposal, and one which would provide benefit to North Tahoe and Truckee, and save travelers some 50 miles as compared with the Feather River route, would be to detour via Lake Tahoe and over the Mt. Rose road. This latter course has been decided upon locally and we are at a loss to understand why Reno would select the Feather River route, since the Mt. Rose road is so much more direct and provides for travel through the North Tahoe region which is a very important and lucrative part of Nevada. Certainly as a direct route from Central California to Reno, the Feather River, while scenic and generally passable in summer months, is not our choice. We believe these suggestions are worthy of further study and if desired deserve the concentrated effort of the people of this and the North Tahoe communities.

## Wolverine To Play Here During Week

The Tahoe Truckee Wolverines have resumed baseball program after failing to field a team last year due to inclement weather. They are now coached by Cal Farley, former coach at Lassen Union High School.

The squad thus far has one win and two losses. In a non-conference game the locals defeated the Quincy high school and lost to Fallon and Hawthorne.

A busy schedule is on tap for the coming spring vacation. On Friday, the team travels to Lovelock for a conference clash and will return for another league encounter with Manogue on the local field at 1:30 p.m. On Monday the squad will play Portola in a non-conference game at Portola.

Wednesday the Wolverines will entertain the powerful Reno Huskies on the Truckee field at 1:30 and Saturday, April 20, journey to Sparks for a league contest.

## DELEGATES NAMED BY SUNSHINE GIRLS

Donner Council No. 13, Pythian Sunshine Girls met April 4th with Sherri Curran, royal princess, presiding. Representatives to the grand council were elected with Ireda Harris named as delegate and Nona Rae Coffey as alternate. Miss Coffey has been named on the allotment of seats commitee.

Mrs. Pearl Heller, royal advisor, has been appointed to act on the return and credential committee when the grand council meets at Bakersfield July 12 and 13.

### EASTER RECESS

All schools of the Tahoe-Truckee district, except Donner Trail, will be closed during the week beginning April 15 for Easter vacation. Due to weather conditions, Donner Trail lost two days of school which must be made up during Easter vacation, therefore the school will be open Monday and Tuesday, April 15 and 16.

### NEW PICKUPS

Irv Waters and Ken Gordon have purchased new Jeep pickups from Osburn's Buick Garage.

## Postal Service Is To Be Curtailed At Truckee Office

### Normal Service Depends On Congressional Action This Week

Postmaster E. C. Bavier today announced she has received instructions from the post office department at Washington to restrict service at the Truckee office beginning Saturday, unless the department's request for $47 million is approved and made available by congress for the balance of the fiscal year.

Unless new orders are received, commencing April 13 the office here will be closed to the public all day Saturday and Sunday. No third class mail will be accepted effective April 29, except certain medical items.

The issuance of money orders will be suspended, effective April 29.

Window service in this as well as other first and second class offices will be limited to 8½ hours daily, locally from 8:30 a.m. to 5 p.m.

Distribution of mail on Saturday and Sunday will be limited to first class mail and daily newspapers beginning Saturday.

The restrictions ordered by Postmaster General Summerfield result from a squabble with a congressional group over an additional allocation beyond the budget now in effect which the postal official demands as being required to continue uninterrupted service. While it is indicated the congress will bow to the request, orders to the post offices were issued in event it does not.

## Fire District For Tahoe Is Approved

KINGS BEACH— At a special meeting of Placer County Board of Supervisors Tuesday, approval was given to form a legalized fire district at North Tahoe to replace the North Tahoe Fire Control.

On May 6 the board will appoint a three-man commission to administer the district.

While a number of exclusions were requested, only two, one in the Brockway golf course back of the clubhouse and the other at a corner of the Woodvista subdivision, were granted.

Harry Stubley, member of the county planning commission, was among those attending the meeting.

## TWO BABIES ARRIVE AT HOSPITAL HERE

Two babies arrived at the Tahoe Forest Hospital during the past week.

On Saturday, April 6, a son, Salvator Rubalcaba, seven pounds, three ounces was born to Mr. and Mrs. Salvator Rubalcaba of Boca.

Monday, April 8, Gary James Hensley, six pounds, four ounces arrived for Mr. and Mrs. James Hensley of Truckee. Dr. B. R. King was in attendance at both births.

## EIGHTH GRADERS TO HOLD ANNUAL DANCE

Members of the committee for the Cottontail Ball, the only dance of the year sponsored by the 8th grade, are busily engaged preparing for the affair to be held at the high school Friday, April 12. The affair, according to the chairman of the publicity committee, Bill Notley, will be semi-formal and a small charge will be made to defray the expense.

## THREE CONTRACTORS AT LAKE SEEK LICENSE

SACRAMENTO— (CNS)— The contractors' state license board announced it would issue contractors' licenses to three firms in the Lake Tahoe area.

A general building contractor's license will be issued to Robert G. Rishling, P.O. Box 422, Bijou; a masonry contractor's license to Ian M. MacSween, P.O. Box 92, Stateline; and a floor covering contractor's license to Michael Kornazewich, P. O. Box 415, Kings Beach.

The board said the licenses will be issued in 20 days if no protests are received.

### Burns At Bishop—

Mr. and Mrs. Chet Burns and son, Scott visited with Mr. and Mrs. Paul Archer at Bishop.

## New Officers For Red Cross Group Chosen At Meet

Mrs. Benetta Sciutto was elected chairman of the Truckee Chapter of the American Red Cross at a meeting held April 9, replacing Earl K. Stice, who was elected as vice chairman.

Other officers named included Edward Trask, secretary and Mrs. Arlene Roth, treasurer. Mrs. Fred Pedley, Rev. Wesley Osman and Father P. J. O'Neill were named as a committee to select chairmen for the six committees: fund, home service, water safety, first aid, disaster and defense and public information.

The next meeting will be held May 7th when the recommendation of the nominating committee will be acted upon.

Z. A. Neal, field representative for this area, attended the meeting to discuss Red Cross policies.

Members of the board present included Mrs. Llody Landro of Norden, Mrs. Roth, Trask, Hal Welch,, Mrs. Sciutto, Roy Saarni, H. A. Eaton, Dr. Ben King, Virginia Robarts, Rev. Osman, Mrs. Consuelo Diaz and Mrs. Pedley. The meeting was held at the high school.

## Airport Meet Will Be Held Monday

A meeting of the North Tahoe-Truckee Airport Committee has been scheduled for Monday, April 15 at noon at Smart's for the purpose of reviewing the progress of the project and hearing a proposal by an applicant to take over the field and operate an airline service.

C. Edmunds, chairman of the committee, said he had conferred with an applicant who desires to take over the management of the port once it is underway.

Since the last meeting of the committee, the Nevada County Planning Commission approved the appointment of a five-member commission to represent this county in the program. They are Lee Apple, Zeph Rose, W. M. Englehart, Jr., Mrs. Gladys Pedley and Edmunds. The Placer County planners are expected to select a commission from that county in the near future to coordinate the joint-county venture.

Although the CAA has given approval to the local project and indicated the federal government would share the cost of construction, land purchase and improvements, the application for participation in this year's budget has not been renewed.

All members of the joint-county committee have been notified by John Corbin, secretary, to attend the Monday meeting.

## PIONEER RESIDENT OF AREA SUCCUMBS

Mrs. Amelia D. Thompson, 92 years of age died, at Roseville on March 25, according to word received here by Mrs. Hannah Stewart.

Last rites and burial were held in the valley town where she had made her home with her daughter, Mrs. Frederick Davis, since 1948.

The deceased was the widow of Lance Thompson who had built the first houses erected at Hobart Mills where the family had many friends.

Mrs. Thompson was born near a Spanish Mission on May 22, 1864 and was a decendent of a Spanish family which had received a land grant in the vicinity of the present city of San Pedro, she was also related to English royalty.

One grand son and granddaughter, three great and three great-great grandchildren are also survivors.

## BROTHERS' NIGHT TO FEATURE STAR MEET

Brothers' night will be celebrated at the regular stated meeting of the Eastern Star on Tuesday, April 16. The brothers of the chapter will form the committee for the evening's entertainment and refreshments, under the direction of Worthy Patron Wayne Philippi. There will be an initiation of a candidate and all members are urged to attend.

Elmay and Wayne Philippi will preside.

All members are also asked to attend the official visit of the worthy grand matron, Marguerite Weisheimer, to the 12th district in Georgetown on April 17 at 8 p.m.

## Progress Made In Negotiations For Olympic Facilities

### Minor Differences Remain To Be Decided For Squaw Site

The rift between the California Olympic Commission and Mr. and Mrs. Wayne Poulsen over the acquisition of 32 acres of the latter's land in Squaw Valley for construction of facilities for the 1960 Winter Olympic games narrowed Friday and hope that an agreement can be reached in the near future looms brighter than since negotiations were started March 1.

H. D. Thoreau, executive secretary of the commission, advised Senator H. T. Johnson, who presided at the meeting and others present at the Sacramento meeting, that he would present the revised Poulsen agreement to the commission for action shortly.

Only two important issues, one involving the location of a sewer disposal plant and the other a parking area, remained unsolved.

**Parking Problem**

State engineers have insisted upon a 10-acre tract adjoining the Olympic site for parking. Poulsen offered a similar amount of land running parallel to the county road for strip parking. The loss of the 10 acres for a block parking area, Poulsen said, would be obtained only through condemnation. Representatives of the commission present did not oppose the strip parking plan offered by Poulsen, but will need the approval of other commission members and the planning engineers.

**Sewer Plant**

State engineers this week were working with engineers employed by Poulsen to determine the feasibility of the sewer disposal plant, with the state offering to accept the Poulsen plan provided it offers the same advantage as the site chosen by state planners. The latter course will prove more costly, but would open up more land in Squaw Valley for home and commercial development.

Robert Kennedy, sanitary engineer for the state, pointed out the advantages of the site originally selected but has agreed to cooperate with the Poulsen engineers in making tests on the land the latter contends is more suitable for the purpose.

**Committee Approval**

The first hurdle in passage of Senate Bill 1774 by Johnson, providing additional funds for building permanent Olympic facilities and to give the state commission authority for condemnation, was topped last Thursday night when the senate recreational committee passed the bill.

The hearing consumed three hours' time as witnesses were called to testify. Prentis C. Hale, president of the organizing committee, presented the main discussion for the state, pointing out the need for immediate action and outlining the aims of the state in providing permanent faciilties.

## 108 CONTRIBUTE $64 FOR POLIO SHOTS

**April 2 Polio Mobile Unit was attended by 108 persons, with $64 contributed ot the fund from which were purchased one dozen hypodermic syringes needles for future programs.**

**The remainder of the fund will be turned over to the National Foundation for Polio, according to Mrs. C. Patnoude.**

## 30 YEAR RECORD IS BROKEN BY SIEBOLD

Robert Seibold, a veteran Truckee skier, had planned to put away his skies for the summer Monday but just couldn't resist a final fling during the races at Squaw Valley Saturday. As a result he fell and dislocated his left shoulder and spent a night in Tahoe Forest Hospital.

Siebold thinks he has a better than average record, however, since it was the first injury sustained in 30 years of skiing.

## RIVIERA SHOP AT LAKE WILL OPEN FRI.

KINGS BEACH — John and Jeanne Palmer have returned after a trip through Mexico and the southern part of the state where they scanned latest clothing styles to be inaugurated in their stock for the opening of their Riviera Shop at Kings Beach April 12.

The opening date was arranged to coincide with Easter, providing shoppers an opportunity to take advantage of the opening sale to replenish their holiday finery. The Riviera features summer styles and sports wear for both men and women.

At the opening tomorrow, free prizes, without obligation to make purchases, are being offered. Details are in an ad on another page of this newspaper today.

### Hostess On Monday—

## STRICKLAND STARTS RACING CLUB FOR TRAINING OF YOUTH

Efforts to organize a racing club for the purpose of sponsoring and coaching young men and women of ability to prepare for the 1960 Winter Olympic games are being undertaken by Bill Strickland of Soda Springs.

Strickland for the past several years has spent considerable time, effort and money in developing skiing talents of youngsters, including his own son, Bob, Dennis Hogan and Ronnie Rau, all now experts.

However, Strickland declared, this lone sponsorship is somewhat of a financial burden and he proposes the Castle Peak Racing Club and hopes to interest some 2000 members to subscribe to the program through memberships at $20 a year.

There are still many phases to be ironed out but Strickland hopes to have the organization in operation by the time comes for the 1957 training period.

Money obtained, he said, would be used for expense of training, travel and travel expense for 10 youngsters who show the proper aptitude.

Tentative by-laws and a constitution have been drawn up by Strickland and he plans in the near future to start the campaign. He said he has received considerable favorable support for the plan.

## FLORISTON COUPLE INJURED IN WRECK

A Floriston man and his wife suffered minor injuries Sunday night when their west-bound car skidded out of control on snow-covered Highway 40 west of Reno and plowed into a guard rail.

Sheriff's deputies identified the injured as Eugene Haune, 34, and his wife, Audrey, 39. Both were treated at Washoe Medical Center and later released.

Mr. Haune told deputies he was driving near the west end of the four-lane section when his new coupe went into a spin after he had passed another vehicle and crashed into the guard rail.

Thirty feet of the railing was reportedly damaged. Deputies said it was snowing and raining at the time of the accident.

## BEAVER TRAPPING WILL BE CONTINUED

The state fish and game commission at its meeting in Los Angeles April 5 will hear a recommendation from the fish and game department that the beaver trapping season be the same as last year, from November 16 to February 28, inclusive.

Counties to be added to the general trapping season would include Alpine, Plumas, Sierra and portions of El Dorado, Placer and Nevada counties. A small section in Nevada County near the Sage Hen Experimental Station would be closed.

The department will propose an early season of August 3 to January 15, inclusive, and a late season, September 21 to January 15, inclusive, for bear hunters.

Funds for the erection of a bronze monument in San Francisco's Washington Square, commemoratig the city pioneer firemen, were bequeathed by Lillie Hitchcock Coit.

Fishing season is open the year around for all varieties of fish in Shasta Lake.

## Suit Is Filed

James Forsberg of Auburn has filed a $20,000 damage suit in superior court against Frank Van Hoesen and his grandmother, Fauna Van Hoesen as the result of an automobile accident six miles east of Truckee on April 2, 1956. The plaintiff charges he was a passenger in the car driven by Van Hoesen when it crashed into a bridge.

# NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

These days with their combination of ruthless cold and sweet promise of the lovely days to come are getting me down! Emerson, I think it was in an essay called "Work and Days," suggested that at one time man had a choice between work and days. And poor old Adam chose work! It's so easy to think, what a dope. But perhaps that long ago first man wasn't so foolish (and perhaps he didn't have the choice either). We probably enjoy our days more because of work that must be done in them. And empty days can grow long.

And all of this just because of a conversatoin with Mrs. Alice Gebhardt who has returnde to the lake after a winter's visit with her daughter and family in Sacramento. As most of you know Mrs. Gebhardt was born here and has seen many many changes over the years. We think the lake is beautiful now but how lovely it must have been a generation ago. Mrs. Gebhardt is amazingly young in outlook. She feels that, with care, the lake can be kept beautiful although it can never again be so free as in her childhood. She is posting the name of her home again: Dunromin.

**Women's Club**

The Women's Club of Tahoe has quite a lot of news this week. One of the most interesting items is the fact that they will mark their thirtieth birthday this coming May 23 by a tea at the home of Mrs. Norman R. Mayfield. A committee composed of Mrs. James Martin, chairman; Mrs. N. R. Mayfield, Mrs. Martin Spitsen, Mrs. Steve Korich, and Mrs. Don Snyder will make arrangements for the anniversary tea.

**Gets Citation**

Mr. and Mrs. Don Snyder drove to Reno Monday, April 1, where Mrs. Snyder received a citation for the Women's Club from the Veteran's Administration Center of the hospital there. Louis W. Hunt, chairman of the Center presented its president, Martha Snyder for the club's "exceptional service of the veterans" in the form of picnics, cookies and cakes, and other personal help. The citation reads "This certificate is awarded to the Tahoe Women's Club in recognition of their volunteer services in behalf of veteran patients through the Veteran's Administration Voluntary program. Awarded V. A. Center, Reno, Nevada, April 1, 1957. B. M. Shutt, manager; H. B. Higley, Administrator Veteran Affairs." Refreshments were served by the hospital patients which touched President Martha Snyder very much.

**Fashion Show**

The North Tahoe Women's Club has invited members of the Women's Club of Tahoe to a fashion show luncheon to be held April 29 at the Crystal Bay Club at 12:30. Any interested in going should phone Martha Snyder to make reservations.

A nominating committee composed of Mesdames Phil Geier, Warren Porter, and Myrle Rose, will make their report at the next regular meeting of the club, May 2, at the Tahoe Inn. Election of new officers will be held.

The women were happy to welcome a new member, Mrs. Fred Pedley of Truckee. Mrs. Pedley is active in the Northern California Association of Women's Club.

**Girl Scouts**

The Girl Scouts ha da delightful jeans and pigtail dance at the Community Hall Saturday night. Rik and Berenice Giannini were in charge of the affair assisted by Dick and Afton Sprague. Hot dogs and soft drinks went over fine with the youngsters as did the sawdust covered floor. Scout Leader Berenice wanted thanks to go to Mr. and Mrs. Hal Farr and Mr. and Mrs. Don Snyder for their help in cleanup. And we all want to thank the Scouts and their sponsors for this fun for these in-between-age children.

**New Employe**

Through Jack Stowe of the Tahoe City State Park we met Jack Haseley who is a new worker here. He and his wife, Barbara, have come from Placerville where Haseley was with the division of forestry there. He has just made the transfer to the division of beaches and parks.

**Guths Return**

Mr. and Mrs. Howard Guth have returned from a five-week trip of business and holiday combined. Alma Guth said it was just fine. They wandered down the coast from San Francisco stopping at Monterey and later at Santa Barbara. In Hollywood they took in the two shows, "Queen for a Day" and "It Could Be You," which they found fascinating.

In Fullerton they visited friends and went to see Disneyland. They said they think that is as delightful for adults as it is for children.

They visited Mr. and Mrs. William Dugdale until recently of Tahoma in their Berkeley home.

**To Oakland**

Mr. and Mrs. Bob Jorgensen and their children will spend the Easter week in Oakland where they will visit grandparents of both sides.

**Food Sale**

The nursery school will hold a food sale at Jack and Dinty's market on April 20. Since it has turned out so well, even though less than a month old, the nursery school parents probably will start again a bridge tournament next fall as a means of earning money for the school. If any one is interested in bridge, whether a parent of a nursery school age child or not, do get in touch with Betty Jorgensen to find out about the projected tournament.

**Squaw Meet**

Squaw Valley looked beautiful Sunday with its many flags of many countries. And the slalom runs were most impressive. I feel more and more respectful toward the sport the more I see of it. Saturday,, so cold ad grey, saw the downhill skiing. It must have been difficult since only a few more than half of the men made it through all the gates. Dick Clark who had volunteered to watch one of the gates way up in the north bowl took a spill which gave him a broken ankle bone. A truly hazardous day.

Mr. Max Bretzfelder who skis in his own quiet way almost daily and who has seen much of the sport both here and in the Swiss and Austrian Alps, acted as an interpreter for the meet.

**Girls' Fashion Show**

The nursery schoolroom blossomed out in spring daffodils this last Wednesday when the Brownies held their investiture ceremony and a fashion show for their mothers. The Brownie story was enacted by the girls wearing masks they had made themselves. Pat Deming, Raelee Grahn, Lynn Harper, Vickie Jones, Rosemary Wray, Karen McBride, and Darlinda Stark each received pins. girls taking part in the fashion show were Joyce Anderson, Cathy Conners, Chris Litke, Karen McBride, Joan Palmer, Stephanie Snyder, and Susan Wright. An outstanding costume was that of Stephie Snyder. Her uncle, Bob, had brought her a dress and scarf from Mexico. Susan Wright brought summertime right into the room with her beach outfit, goggles and all. Mrs. Solveig Beavers accompanied the little fashion models on the piano. Mrs. John Anderson and Mrs. David McBride are Brownie leaders and were in charge of the day's program.

**Work On Utility**

The perfect still water Monday made it possible for work to be done on the splicing of pipe to extend farther and deeper into the lake for the Tahoe City Public Utilities Water System. Bob Pomin, Harold Farr and C. W. Vernon spent the day out on the barge doing this work. This pumping of lake water is only done as an auxiliary of the springs if they get too low in the summer time.

**Rotary Meet**

Rotary met Tuesday night at the Tahoe Inn. President Steve Korich presided. Free beer and movies were the main items on the agenda provided by the Forty-niners of San Francisco. The movies showed the highlights of five of the Forty-niner's recent games and were enjoyed by all the men. The beer, too, I believe.

**Eastern Program**

The Tahoe Community Sunday school at Tahoe City will have special music, a speaker and program on Easter Sunday, April 21, in the hour of 10 to 11 o'clock. All classes will participate, with further detail to be announced in next week's issue of the Sierra Sun.

Thirteen times candidates have received less than 50 percent of the total popular vote but were successful in becoming president of the U. S.

**NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES**

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

South Side Hwy. 28,
Kings Beach

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these permises as follows:

On-Sale Beer and Wine

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The premises are now licensed for the sale of alcoholoic beverages.

### KINGS BEACH SCHOOL

Kindergarten and First Grade: This week the first grade worked on posters for the poster contest, "My Public School."

On Tuesday we had visitors in our room from the Sheridan School.

Bobby Brandt, Randy Hiatt, and Gregory Pope have made a wagon for the classroom. Dyanne Lausche brought nails from home to use on the wagon.

Jan Jensen and Jeff Mally are working on a cupboard for the playhouse.

Aaron Hiibel has been out of school all week with the measles.

Bobby Brandt had his seventh birthday this week. He brought suckers for the class as a special treat.

Second and Third Grades: Susan Clackett and Kathy Chastain received their new readers this week.

During art period, our class made posters for public schools week.

The third grade learned how to do borrowing in substraction this week.

Wayne Mandeville and Estelle Howell performed an experiment for our class, showing us how the magnet works.

Mrs. Joe DeGregorio, Martha's mother, visited our classroom during reading period.

Carol Lee Corbin brought her Heidi record and book.

Mrs. Julia Gonsalves and Miss Foresta McGouran, consultants from the county superintendent of schools office, visited our room Tuesday.

Third and Fourth Grades: Penny Cassidy brought to school a horseshoe magnet. Wayne Mandeville gave the class a very good experiment using a shaker of iron ore, paper, and magnet. Estelle Howell also did extra reading on magnets.

Carol Franklin, Wendy Boatman, and Susan Graton went gathering pussy willows.

Harvey Kiltze has gone to San Diego for the week.

Terry Boatman and Linda Bonney are in a new book.

### TRUCKEE ELEMENTARY

Kindergarten: We have concentrated on safety rules for children this week. George Franceschini gave a talk on "Safety." In their dramatized play, Michael Bellotti was the traffic officer, Jack Mitchell was the train engineer, Mark Salomon drove the truck and Monte Neugebauer had a car. Yvonne Johnson talked on safety rules at home.

First Grade: Davie Higgins, Judy Ingalls, Bill Cardinal, Henry Frates, Jennifer O'Bear and Gary Albin are all ill with the chickpox.

Those who have finished their second reader are: Jennifer O'Bear, Wilbur Glenn, Bill Cardinal, Henry Frates, Phillip Risden, Judy Ingalls, Bill Rose, Stephen Simons and Michael Borden.

First Grade: Our social studies project this week has been about foods. Michael Kydd, Kenny Betthauer, Marion Ayala, John McGlade and Randee Reese brought pictures to illustrate balanced meals.

Tommy Romo, Bobby Goldsmith, Linda Russell, Karin Meixner, Chad Salomon, Bruce Fitzsimmons and Rosa Pinedo did very good work on hteir posters.

Second Grade: In our recent spelling match those who remained standing on Mary Ann Moore's team were Gail Englehart, Susie Olano, Ronnie Walker, Raymond Fitzsimmons, Kathy Braasch, Timmy McLane, Frances Barrett and Russell Glenn; and on Karen Hedlund's team. Jack Melugin and Donny Whiteneck.

Interest in kickball has returned with the good spring weather. Teams have been chosen with Gail Englehardt as captain of one, and Gary Waters, captain of the other.

Third Grade: Almost 30 parents enjoyed the program presented by the third grade last week. Doug Nelson and Fosten Wilson, Jr., acted as "hosts" and Robyn Reese passed the register. We appreciated the help of our room mothers, Mrs. C. E. Strickler and Mrs. Earl Meixner. Many thanks also to our wonderful cook, Mrs. Muriel Frey for making the coffee.

We're happy to welcome Edna Arterburn back to our class.

New class officers for April are: John Besio, president; Edna Anderson, vice president; Betty Saarni, secretary and John Sturcke, treasurer.

Fourth Grade: Casting ballots for class officers, the fourth graders elected Eddie King, chairman; Marcia Leamon, co-chairman; and Mike Harris, secretary. Selected as chairmen of social studies discussion groups were Sara Van Sickle, Wilana Curran, Jimmy Roth, Marcia Leamon, Judy McGwinn, Linda Banyard, Eric Thornstrand. In charge of the engineering on projects are Gary Jensen, Eric Thornstrand and Denny Stumbaugh.

Making the trip to the library were Wade Mosby, Linda Banyard, Eddie King, Donna Haune, Marcia Leamon and Jimmy Roth.

The newly appointed athletic committee consists of Kenny Taylor, Jimmy Roth, Ramsay Mitchell and Tony Kenyon.

Lunch program assignments went to Greg York, Gloria Jean Boyer and Linda Banyard.

Fifth Grade: The unit on North Central States was finished this week.

Those making a perfect score in spelling were Steve Besio, Ronald Brown, James Hamilton, Robert Frates, Karey Kielhofer, Zeke Romo, Richard Sorani, Bruce Strickler, Leilani Braasch, Liane Kay, Maureen Reese and Susana Sciutto.

Sixth Grade: The sixth grade had a rock-n'-roll dance last Friday in the school auditorium. The fifth grade students were our guests.

Ellen Patnoude was chairman of refreshments, Gene McGihon served supplies, Joaquin Fuentes was in charge of decorations, Joe Parkhurst, music, and Mary Ann Miller, clean-up.

### TAHOE LAKE SCHOOL

Kindergarten and First Grade: Two proud first graders this week are Dianne McBride and Bro Shontz and we are proud of them also for winning trophies at the junior ski meet.

The board members from the Sheridan elementary school at Sheridan visited the first grade on Tuesday.

First and Second Grades: The first and second grade have been working together on a spring border.

In the first grade this week exceptionally neat work was done in number work by Rocky Riggs and Rod Farley. Star papers in writing our spelling words were made by everyone in the class.

Third and Fourth Grade: Earth's fossils and stories in rocks were studied by the third grade. Alex Cushing wrote an original story on the fossil rocks and drew a colorful background picture, and Danny Sprague did a panorama of shell fossils.

Fifth and Sixth Grade: Howard Cincotta and Danny Conners are in dexing on a chart important facts about the early American colonies. Sandy Fellows, Sandra Snyder, Janis Giannini and Dannel Pomin are reproducing a fireplace scene in an early American home.

Mike Marvin and Steve Horvath have collaborated in making a mural-painting of the reptile age including the brontosourus, the stegosaurus and tyrannosaurus.

### DONNER TRAIL SCHOOL

Now that the snow is melting around the school yard, Donner Trail students are very sports-minded. For the past two weeks marbles have been very popular with many of the boys and even a few of the girls.

Although we are unable to have a regular track-field at our small school, racing and other track events are very popular now.

Albert Eberhart and Kenneth Kisor have built a high-jump. Fifty and 75-yard racetracks have been measured out by several of the boys. Bunny Board is the fastest girl. Carl Shusky and Bruce Bailey run a close race, but Carl has been winning by a small margin in all the trial heats.

We have two new students—Judith and Bruce Loder. They come from Colfax.

### ORDINANCE No. 57-01 TRUCKEE PUBLIC UTILITY DISTRICT

Declaring time and place of District Biennial General Election, offices to be voted upon, submitting to Electors a Proposition to increase the number of Directors, designating Election Precinct, Election Board Members, hours of polling and providing for Notice of Election.

WHEREAS this is the year fixed by Section 16151 of the Public Utilities Code of the State of California for the holding of the Biennial General Election in said District; and

WHEREAS the Board of Directors, of said District, did, by Resolution No. 5703, dated February 28th, 1957, formulate a proposition to increase the number of directors at large of said District from three to five, and did, by said Resolution No. 5703, authorize the submission of said proposition to the electors thereof at the next biennial general election in said District;

NOW THEREFORE, BE IT ENACTED BY THE BOARD OF DIRECTORS OF TRUCKEE PUBLIC UTILITY DISTRICT, as follows:

1. That the Biennial General Election be held in said District on the 7th day of May, 1957, for the following purposes:

(a) To elect one Director-at-Large for said District;

(b) To submit to the electors of said District the following proposition:

PROPOSITION: Shall the number of directors of Truckee Public Utility District be increased from 3 directors at large to five directors at large?

2. That at said election there shall be one voting precinct within said District which precinct shall comprise all territory within the exterior boundaries of said District.

3. That the polling place in said precinct, hereinabove designated, shall be at Justice Court, Truckee, Nevada County, California.

4. That pursuant to Section 16156 of the Public Utilities Code of the State of California, the hours of polling on said election shall be from 1 o'clock P.M. until 6 o'clock P.M. of said day; and the election officers shall be one inspector, one judge and one clerk.

That said election officers shall constitute the Election Board and the following persons are hereby appointed as such officers:

Lucille Bick, Inspector.
Dorothy Leamon, Judge.
Laura Horman, Clerk.

5. That the Clerk of said District shall post at 3 public places, in said District, copies of this Ordinance, and shall cause this Ordinance to be published twice in Sierra Sun, a newspaper of general circulation printed and published within said District; said postings and publications to be made not later than 21 days from the date hereof.

AND BE IT FURTHER ENACTED:

1. That the Clerk of said District shall post in 3 public places in said District a Notice of Election specifying the offices to be voted upon, proposition to be submitted to voters, dates for circulation and filing of nomination papers.

Passed and adopted at a Regular meeting of said Board of Directors, duly called and held this 28th day of February, 1957, by the following vote:

Ayes: Welch, Heller.
Noes: None.
Absent: Neugebauer.

CHAS. R. HELLER,
President of Board of Directors, Truckee Public Utility District.

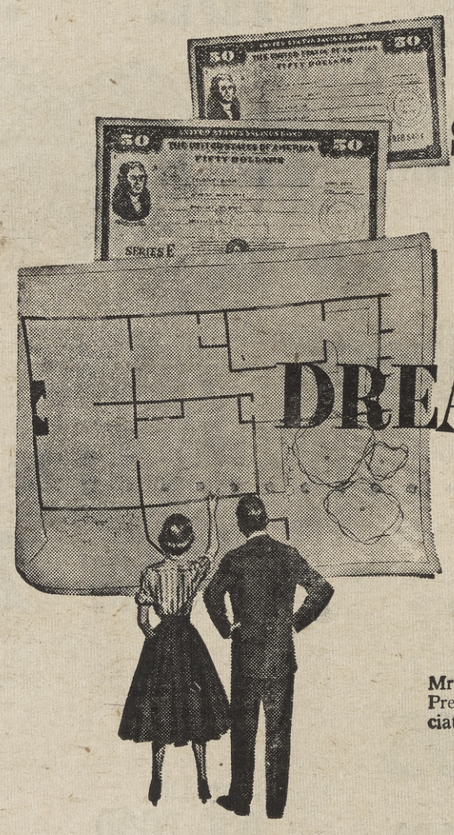
An outstanding builder of homes tells you . . .



How Savings Bonds can help you build your DREAM HOME

Mr. George S. Goodyear, President, National Association of Home Builders

"Maybe an American family starts with a dropped handkerchief. But somewhere along the line, even before the ring, the dreams start. One of the *big* things in those dreams is a house of your own, a house that's just the way you want it.

"We've learned plenty from home buyers about what they want in houses and a little bit about how they save that first down payment. Many of the people with whom I've talked found the easiest and surest way to save was by regular investment in U. S. Series E Savings Bonds."

It's easy to understand why. By putting money in Bonds, people are less inclined to spend it until they've reached their goal. And Bonds are a safe sure investment. The U. S. Government guarantees your principal in Savings Bonds—up to any amount—and the rate of interest.

If you're saving for the home of your dreams, why not do it the easy way by regular investment in U.S. Savings Bonds? Start today either through the Payroll Savings Plan where you work or by buying Bonds often where you bank.

Proposals or Bids will be received at the office of said District, or delivered to John J. McGlade, Secretary of Truckee Sanitary District, Box 1251, Truckee, California, until the hour of 5:00 o'clock p.m. on April 19, 1957, at a meeting of said Board of Directors to be held at Justice Court, Truckee, California, at which said time and place all proposals and bids will be publicly opened, examined and declared.

Each bid or proposal must conform and be responsive to this Notice and shall be made on the Bid Form provided by said District, bids or proposals shall be unconditional and shall be accompanied by a certified or cashier's check payable to the District in an amount not less than 10% of the monthly amount so bid; said amount shall be forfeited to the District should the Bidder to whom the contract is awarded fail to enter into said Contract for Callection and Disposal of Garbage in accordance with his bid, within three days after receipt of notice of such award; the faithful performance of said Contract shall be secured by a personal or corporate surety bond, or cash bond in the amount of $500.00.

The District reserves the right to reject any or all bids, to waive any irregularity or informality in the bids or bidding, and to accept the bid or proposal which in its judgment it deems most advantageous to the District.

Copies of the Bid Form, the Contract, General Provisions, Terms and Conditions for Collection and Disposal of Garbage, and Ordinance No. 5, as Amended by Ordinance No. 6, may be obtained from the Secretary of said District as noted above upon depositing with him the sum of $5.00 therefor, which sum shall be refunded providing said copies be returned within two days after the opening of bids.

Dated: April 9, 1957.

**New 'Catastrophe' Auto Accident Medical Protection**

According to Fosten Wilson, new Major Medical Expense protection, coverage against uninsured and "hit-and-run" drivers, reimbursement for expenses and lost wages due to court appearances, and "out of country" coverage are just a few of the more than 44 "Star Feature" extras in a brand-new State Farm Mutual auto insurance policy. Designed to give the broadest coverage in State Farm history, the new policy offers the extra protection modern motorists need in today's hazardous traffic. # NORTH TAHOE

By JUDGE HARRY CHARRISON

**Rushing The Saeson**

If you can use a rake or hoe you had better get back up here and start in. As of now the lots are all clear, and the grass is getting greener by the minute. Today the temp is 56 degrees, and I see MacBurroughs who has returned from his sojourn in southern California has his lawn furniture out. I find that Mac and Thelma are both fine, and they say their stay down there did them both the world of good.

**Sold Home—Sold On Lake**

Jerry and Mrs. Culbertson have returned from Fullerton where they have sold their beautiful home there and from now on they are natives intending to stay in come rain, snow or shine. It looks too that they are going to enlarge their novelty store on the highway in Kings Beach. They are resently staying with Red and Mary Lou Waddell, and by the way Jerry is tail twister of the Lions Club, so we shall have to hold our pockets from now on.

**Surprised**

Well, well, Sam Harrison over the road from us was up from San Francisco during the week. Sam was highly delighted with the weather and to see his property all clear, and almost ready for planting. He says they will be up about the first of June and stay for the summer. Was glad to see him.

**Hungry?**

Bob Davis of the Pine Cone, Kings Beach, tells me that they are opening up their restaurant right across from Goldcrest Lodge in Kings Beach this week.

**Getting Better**

After talking to our old friend, Swanee, I hear that our other good friend, Jeannette Mitchell is progressing very well from her attack of pneumonia.

**Visiting**

Dick and Barbara Lightner, son and daughter-in-law of the Cliff Lightners of the Crystal Bay and their children, Barbara and Kathi Dianne, were visitors for a few days last week. And Cliff tells us that Mrs. Lightner will open the Snack Shop, next to the Joe Ross' Trade Winds in Kings Beach, and hopes to open on April 15.

**Up-'n-Down**

Mr. and Mrs. Bodeker of North Sacramento were visitors with Wayne and Mrs. Ogle during the past week ejoying the spring weather. Franklin Tuttle, assistant district attorney of Placer County, was a visitor last Sunday and says he can't wait till his family gets up here for a vacation this summer.

**Weather**

Saturday was quite windy and partly cloudy and pretty cold, but Sunday came in wtih beautiful sunshine and as clear as crystal. Temperature, 52 degress, really something to brag about. Of course there was a big gathering at Squaw Valley to watch the ski races which on Saturday took a real toll in injuries, but was highly succesful.

**Just About Over**

It looks as though the big package tours for the sport fans that have been so popular over the winter weekends are just about at a close. Now the management and employes at the casinos at Crystal Bay can take a well earned rest, and then prepare for a great big summer.

**Open**

Nice to see Joe Ross of the Trade Winds back for the summer, and too George Ridgway is back behind the counter at the same establishment. The restaurant part will not be opened until around May 1, but you can call in and say hello to the boys.

**Easter Lily**

If you would like to order an Easter lily for the Eeaster services to be held at the Brockway Theater, please get in touch with the minister, Rev. Earl Langguth.

**Home Sweet Home**

Meredith and Dee Siple have returned from Glendale where they spent the winter, and they have a brand new beautiful home on the lake front in Tahoe Vista. Ira and Kay Blair have arrived in their motel in Kings Beach. Ira assists Harry Stubley, the realtor, during the summer.

**Fore**

Sunday afternoon the golf course is a picture especially as I look out and see a couple of young fellers taking a round free, and for nothing. Thassa fact. Better hurry and open up, times awastin'.

**Starr Death**

Friends of Mary and Edgar Starr—and they had a lot of wonderful friends—will be saddened to learn of the passing of our friend Edgar in Vallejo, on Saturday April 6. Edgar had been in poor health for several years. He leaves his wife, Mary of Vallejo, daughter, Kathry Yniguez and four grandchildren of Antioch; two brothers and two sisters and many cousins in the bay area and Loma and Alice Sorensen of Tahoe Vista. Funeral services were held in Vallejo April 9 with interment at San Bruno Veterans Memorial cemetery. Those who knew the family extend their heartfelt sympathy to the bereaved family. The Starrs lived in Tahoe for many years and were loved and respected by everyone.

**More Changes**

Frank E. Harner and Bill Sanders both of the North Shore Club, Crystal Bay, have returned from Palm Springs, where they worked all winter. Buckey Harris, owner of the club was up last week, and will be back shortly to supervise repair work.

**Building**

Paul Snyder who has a trailer at corner of Trout and Coon is building quite a sizeable house on the property. Paul has been in the community for the past four years.

**Operation**

Now its Lloyd H. (Red) Decker of Tahoe Vista, has been in the hospital at Redding undergoing an operation which, according to his wife, was quite successful. Red is home and doing real swell.

**Moved**

Walt and Jan Bailey have moved equipment from their old garage in Tahoe Vista, also from the Mobile Station in Kings Beach to their new location at the top of Bear street. Go up and see the new layout up there, you will be surprised.

**Home For Easter**

Joellyn Ashton will be glad to know that Carol Levy, her special friend, while attending the Tahoe Truckee high school, will be with her parents, Mr. and Mrs. Milton Levy, over the Easter holidays, fresh from her trip to Hawaii where she had a glorious time.

**Beauty**

Mrs. Arndt has opened her beauty shop on the Truckee short cut in Kings Beach, just about half mile from the highway.

**Recovering**

Glad to know that Mrs. Wiley Jones who has been in the hospital in Reno after an operation, will be home by the time this issue comes out. We hope too that her recovery will be permanent.

# STRICTLY STRICKLAND

By Bill Strickland

I've just returned from one of the most mismatched sporting events I've ever attended, and I've just been reading about its counterpart. To try and make a concise comparison I'm going to substitute one of the principals, but I think you'll still get the idea.

Did you ever see a mere slip of of a girl, about 100 pounds, with nothing more than desire and determination, get into the ring at Madison Square Garden to fight Rock Marciano? And stay in that ring until she was pummeled into insensibility by his iron fists and then be carried out on a stretcher to spend the next five or six months trying to recuperate from the beating she took? Sounds pretty far fetched and illogical, doesn't it? And still, this past week, 14, yep, 14, crawled through those ring ropes to do battle with the champion. Seven girls and seven boys.

The champ must have laughed when he saw them coming, because there weren't any rules that he had to adhere to. If he wanted to tear out the ring posts and swing them like baseball bats he could do it, and not be penalized.

He must have laughed too when he found out they'd been going to high school all week and that the extent of any beneficial training had probably been the exercise from climbing the school steps to classes. And, he must have really chortled when he got them running 40 or 50 miles an hour trying to get away, and caused ice to be under their flying feet, then just as quickly changing it to a gluey, sticky substance, and when they went down he hit them with anything he could get his hands on. Poles, posts, rocks.

Doesn't sound like a fair fight, does it? Well it certainly isn't on that basis. In fact this particular champ will never be hurt. But, young men and women will try and defeat him as long as they are physically able. The strange part about the whole thing is that quite a few people beat him consistently—but they've trained for him constantly and to the Nth degree. Not one day a week for four or five weeks, but seven days a week for 52 weeks and three days on Sunday. If you were to let this little gal get into the ring on Friday night and be seen by 35 or 40 million television viewers, you'd have more investigations and criticims than have ever been heard of yet.

But, because this battle is seen by only a few, nothing is thought of it except by those who are directly involved. Still once every four years the citizens of our United States watch very intensly these, up until now, so poorly trained and conditioned young men and women hurl their challenge at the champ and completely without fear, and an utter disregard for their own safety, dig into the champ with razor sharp edges and slashing poles. Some defeat him if they are given enough time. Others are carried out on a stretcher.

The only one who receives any accolade is the one who conquered him the fastest. The winner certainly didn't achieve his victory easily either. He trained every day for two, three or possibly four years preceding this match. If he was able, he used every training aid known and available. A few have these aids, but they are pitifully few. Other improvise and consequently their fights suffer. The bulk of the challengers go into the ring completely unprepared. What happens to those who beat the champ but took a little more time They are forgotten very quickly. They tried so very hard, but because it took them two seconds longer to get the job done, 17 challengers were ahead of them. They are credited with a fair effort but they were a very poor eighteenth.

The top man conquered the champ in two minutes and eight seconds—but it took the eighteenth place man the very poor time of two minutes and 10 seconds—two seconds for seventeen places. What were you doing? Taking time out for conversations with the spectators So then, the American publice, after seeing their best challenger lose by two seconds, uses the usual Flatbush comment, and wonders who the bum is, and why wasn't he in better shape, and why doesn't someone do something about it? Somebody else though, not me. And, how about those challengers that met very painful defeat?

A week later John Q. Public can't even remember their names. But, as soon as their wounds have healed and they've scraped together enough money for a very meager subsistence, they are trying their best to get back into physical shape for another assault on this champ. And another chance to beat him the quickest—they know near misses don't count.

In case you haven't already guessed; our "Rock Marciano" in this story is any mountain that is being used for a championship race. The ring posts are trees of four, five or six feet in diameter. The rocks are the very hard and unyielding boulders that are prevalent on most mountains. The spectators? well—they are people who get as close to the racing course as possible or cross it directly in the path of one of these challengers while he is hurtling down the mountain at speeds of 50 or 60 miles per hour and one who is very upset (literally) if the challeger doesn't miss him.

The 14 challengers are the youngsters who crashed at the American Legion junior championships in San Valley, April 5, 6, 7, and, the North American championships at Squaw Valley on the same dates.

One mere slip of a girl is Laurie Wakeman from Tahoe Valley and the Edleweiss—so far and away the best 18-year-old girl challenger in the country that it is a crime that she has to challenge the champ without training. But she does, because she knows that if she ever gets a chance, with proper training and assistance, she can very well be that number one challenger who is the best. She also knows that until that time comes, she will have to depend upon herself alone.

Why doesn't somebody do something about it? Somebody else, that is?

Mr. and Mrs. Lee Douglas of Los Angeles early this week moved their modern trailer house onto their lot next to Mrs. Jeannette Mitchell. Douglas will start at once constructing a new motel. Mrs. Douglas has been employed as a nurse at Tahoe Truckee Hospital since last December. These new residents are a welcome addition to the populace of the Sunnyside district.

* * *

Mrs. Jeannette Mitchell returned to her Sunnyside home on Sunday after having been a pneumonia patient in Tahoe Forest Hospital since Tuesday. She had only the highest praise for the wonderful treatment she received during her stay and termed the food served her "delicious." Wednesday was the patient's birthday and her many friends sent cards, letters, flowers and gifts, making the day memorable despite serious illness.

Had a most interesting letter from my old friend (and employer), Bud Scott who has been wintering with his family in Carmel. Many Tahoeites will be interested to learn that the book he has been writing about Tahoe's history from its earliest days to the present time, titled "The Saga of Lake Tahoe," has finally come off Filmer Bros. presses in a limited edition of 750 copies. binding to start immediately. The book, which has created major interest among those who love the Lake Tahoe area so greatly, will contain nearly 300 beautiful photographs, many of early day Tahoe, and two of which I am proud to say, are from my own collection.

The Frank Dafts and their little girls, Kim and Debbie, are a bit saddened this week due to the loss of their five-month-old dog, Lady, who became too venturesome last Tuesday and was unavoidably run-over in the highway by a car, in Pineland.

* * *

Jim Baker has returned to his home on Fairway Drive for the summer following his stay at Dodge Ridge Ski Resort where he was winter sports director this this season. His wife and children are enjoying a visit in Merced. Frank Roberts and Chuck Sidebottham of Merced spent the weekend here as his houseguests.

* * *

Mrs. Annie Soll returned to her Tahoe Park home this week following a vacation in Sacramento where she was the guest of her son-in-law and daughter, Mr. and Mrs. Louis Gerkin. During her stay the trio took numerous side trips to interesting towns and sights in the Sacramento Valley area.

* * *

Mrs. A. M. Henry of Tahoe City, member of the Placer County Board of Health, this week announces that the American Red Cross mobile chest x-ray unit will be at Tahoe City on June 12 between the hours of 10 a.m. till 12 noon, and 3:30 p.m. to 7:30 p.m. technicians will be on hand to serve the public free of charge.

The mobile unit will visit Kings Beach on June 13, hours and place to be announced at a later date. The general public is invited to visit any of the units during their stay free of charge.

* * *

Mrs. Sam Goss of Lake Forest is recuperating satisfactorily following her sixth eye operation two weeks ago in St. Mary's Hospital in Reno. Her husband, who is erecting a motel at Carnelian Bay, is working long hours to complete his own new home in the Bittencourt tract in town. It is located not far from the late Rose Boyiaredes house, and will have five rooms with all modern conveniences.

**JUST ADD WATER**

The importance and the increase in use of water in our daily lives is well illustrated by the following jingle taken from the files of the Ford Meter Box Co. of Wabash, Ind.

"The words on labels tell this tale, in recipes, in ads by mail, and chances are, at work or play, you'll see these famous words today . . .
JUST ADD WATER.

"You'd be surprised how many things are dry and useless till one brings the magic liquid known to all; you use it when you heed the call . . .
JUST ADD WATER.

To illustrate and prove this thought, remember all the food you've bought on which was printed, clear and bright, instructions that make cooking light . . .
JUST ADD WATER.

The per capita consumption of water is increasing greatly each year and added to the increase in labor and materials during the past 10 or 20 years—water bills can be expected to show some increase in use and in amount.

## FIREMEN AT TAHOE DISCUSS NEW ALARM

TAHOE CITY—A fire commissioners' meeting was called to discuss the problem of fire alarm when the new dial system goes into effect in the near future. It was decided to put five special alarm phones in five of the firemen's homes. These phones have a two-way wire which makes it possible for the receiver of the alarm to buzz the fire alarm at the engine house, thus arousing the entire crew. The five phones would ring simultaneously at each home thus assuring an answer.

Placer County Sheriff William Scott has told the department, according to Commissioner Jack Dunn, that the county will be glad to handle the calls on a 4-hour basis just as soon as a place can be found for the county offices which are planned for this area. Until that time the five-telephone system seems the best that can be worked out.

The phones will be installed in the homes of Fire Chief Al Henry, Pete Vanni, Bob Stark, Basil Kehoe, ad Dick Carnell.

## Failure To Dim Lights Branded As Menace

SACRAMENTO — Drivers who fail to dim their car headlights for other drivers as required by law are a menace on the highways, according to the California Highway Patrol.

"The law required that when a driver approaches within 500 feet of an oncoming vehicle, he shall use a distribution of light so aimed that the glaring rays are not projected into the eyes of the oncoming driver," stated Patrol Commissioner B. R. Caldwell. "This also applies to traffic on divided highways.

In addition to this requirement it is necessary for the driver of a vehicle following within 200 feet of another vehicle to use the low beam distribution of light," Caldwell warned. "Courteous drivers will always dim the headlights when meeting or following another vehicle.

The patrol asks every driver to be more courteous in the use of headlights, he concluded. "Cooperate and help assure safety for yourself and the drivers you meet or follow in the darkness."

## Valley Property Owners File Corporate Papers

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan announced the Squaw Valley Property Owners Association, Inc., has filed articles with his office to become a non-profit organization.

The organization listed directors, all of San Francisco, as George Rockrise, 524 Sacramento street; David A. Perlman, 41 Fifth avenue and Adelaide R. Johnson, 2285 Washington street.

Jordan announced also the Bijou Center Market Inc., a retail grocery concern at the south end of Lake Tahoe, had filed articles of incorporation.

## New Night Highway Safety Program

Congressman Kenneth A. Roberts, of Alabama, Chairman of the House Subcommittee on Highway Safety, places the first of a new type reflectorized decal on the back of a truck to launch a nation-wide trucking industry night time safety program. Many truck operators will be putting similar safety decals on their trucks in advance of the summer Slow Down and Live Safety Campaign sponsored by the governors of the forty-eight states. The night safety project, headed by Goley D. Sontheimer, (right), director of safety of the American Trucking Associations, is the first of a three-part drive of the ATA in conjunction with the governors' program to cut down highway accidents during the summer months.

## NEW GAS STATION PLANNED AT TAHOE

TAHOE CITY — Surveyors finished work this week on a topography report of the property just east of Harry Johanson's which will be sent to Richfield gas headquarters in Los Angeles. Plans will be sent up from there and work on a new Richfield station will get underway as soon as conditions permit. Water and sewage connections have already been taken care of. This will make the third new major gas station built this year in Tahoe City.

The site of the station has belonged to Mrs. Boyle but is known to old-timers as Rogers' property.

## PATROL WARNS ON CHILDREN ON BIKES

"Be alert for children on bicycles" is a reminder released today to motorists by the California Highway Patrol.

"Last year 3,535 bicyclists were injured and 41 killed in traffic accidents on California streets and highways," declared Sgt. Frank Snyder, commander of the Truckee substation office of the patrol. "As the weather becomes warmer more children will be riding bicycles, many of them unaware of the hazards of today's traffic.

"The increase in traffic each year calls for continued alertness to the bicycle problem by every driver and parent," Snyder said. "Parents are urged to teach their children by word and example the rules of the road. They should assure themselves that their sons and daughters know and will obey all the applicable traffic laws.

"Drivers must also remember that children are apt to do the unexpected, whether walking or riding a bicycle," he concluded. "Only full cooperation by every adult will help us control the traffic accident problem involving children on bicycles."

## Z MARKET INSTALLS MODERN EQUIPMENT

In preparation for a busy summer season, Rose Brothers at Z Markets have installed considerable new and modern equipment at their Gateway Park store.

One of the local innovations is a mohogany smoke broiler in which chickens, spare ribs and other items are tastily cooked right in the meat department, being sold directly from the cooker, hot and fresh.

Another addition is the enlargement of the meat counters to keep various assortments separated and providing much more display space in the counters.

To speed service, electrically operated checking counters have been installed so that shoppers may now place their purchases on an endless belt, have them checked and pick them up on the opposite end, all packaged.

Members of the Order of De Molay assisted during the day.

## SMALL BOYS NABBED FOR STARTING FIRES

Two nine-year-old Truckee boys were apprehended Tuesday while building fires on the pine needle covered slopes near the Denney Lumber yard.

An investigation by the forest service revealed that the boys had set three other fires earlier in the week. Deputy Sheriff Roy Waters took the boys home and informed their parents of the disasterous results that could happen to the community from children playing with matches.

It was also pointed out that parents are liable for all damages and suppression costs for any fires resulting from careless acts of minors. Parents were warned to make certain children do not have access to matches. This is especially important this year as the season promises to be a dangerously dry one.

"The forests in the Truckee-Tahoe area are one of its chief recreational assets and a big source of its water," Roy Saarni, district forest ranger, declared. "They provide a home for its wildlife and logs for its lumber industry. This area has a bright green future, but it will require the continuing efforts of all of us to prevent it from going up in smoke."

## MANY GUESTS AT DONNER DANCE HERE

The April 5 session of the Donner Dancers was enlivened with the presence of many guests. Mr. and Mrs. M. L. Fox and Mr. and Mrs. Jack Sutherland of the Merry Mixers came from Reno. The Tahoe Twirlers, Kings Beach, were represented by President and Mrs. Walt Pope, Mr. and Mrs. John Levra, Mr. and Mrs. Gene Tompkins, Mr. and Mrs. Dal Hughes, and Mr. and Mrs. Charles Rich.

President and Mrs. D. L. McGihon, Mr. and Mrs. Lloyd Everett, Mr. and Mrs. John Straub, Mr. and Mrs. John Patterson, Miss Jean Kessey, and Harry Causey left the party for a short time to present the exhibition square dances at the Truckee sixth grade dance.

Plans were made for the monthly potluck dinner to be held tomorrow evening at seven in the Veterans building.

Square dancers love to eat, to visit other clubs, andto dance, but not, necessarily, in that order. They also always welcome visitors.

## Welch Gives Costs Of Proposed City

By HAL WELCH

The balance sheet shown below represents a composite operation of city government for one year. The property tax rate is based on $4 million dollars assessed valuation within the area to be incorporated. The fire, cemetery, and sanitary districts, levee taxes at the present time, which amounts to 90 cents a hundred. Since they will become part of city government, the net increase to your present tax rate will be 35 cents.

The combined tax rate for the down town Truckee area today is $5.16 per hundred, by adding 35 cents your new rate would be $5.51.

At the present time Truckee pays the highest tax rate in Nevada County, with the exception of Grass Valley, and Nevada City, both of which are incorporated cities.

The Donner Lake area has a tax rate at the present time of $4.67, but they are not served by the fire or sanitary districts. Donner Lake taxes would be increased $1.24, or their new rate would be $5.90. For a comparison the city of Nevada City, which has approximately the same population as Truckee of $6.55, considerably higher tax than the proposed city of Truckee's tax would be.

Next week we will give you some comparisons of other cities of a comparable size and area, these of course will be both good and bad.

DEAR READER: WE THOUGHT WE COULD FORGET ABOUT IRVING THE DINOSAUR- BUT YOU, DEAR READERS - YOU WON'T LET US!! SO- HERE'S ANOTHER CHAPTER FROM THE LIFE OF THAT AMAZING PREHISTORIC MONSTER WITH A HEART OF MUSH!!

WOULDN'T IT BE A FEATHER IN THE CAP OF THE AMERICAN DINOSAUR SOCIETY IF WE COULD CREATE AN ENTIRELY NEW RACE OF IRVINGS ??

YOU MUST BE STARK RAVING MAD, PROFESSOR MUSKOVER!!

MY RESEARCH OVER HALF A CENTURY HAS PROVEN CONCLUSIVELY THAT THE ELEPHANT AS WE KNOW HIM TODAY IS A DIRECT DESCENDANT OF THE DINOSAUR!

THEN (GASP) YOU'RE IMPLYING -

PRECISELY - WE MARRY IRVING TO AN ELEPHANT- THUS PRODUCING A RACE OF DINOSAURS THAT WILL PLACE OUR NAMES IN EVERY INDEX AND FOOTNOTE OF EVERY BOOK OF ANIMALS!!

IT MAY WORK, PROFESSOR MUSKOVER - PROVIDED WE CAN FIND AN ELEPHANT IRVING WILL DEVELOP A REAL AND ABIDING AFFECTION FOR!

EXACTLY - I IMAGINE THAT LOVE DOESN'T COME EASILY TO A DINOSAUR!

LATER

WHAT'S THE IDEA OF ALL THE DRESSIN' UP, PAT?

THE GUYS ARE ALL TALKIN' 'BOUT THAT PURTY NEW GIRL WHO JUST MOVED IN DOWN THE BLOCK—AN' I WANNA SEE HER—!

CAN I GO ALONG—?

'COURSE NOT! THIS IS *MAN'S* WORK—!

SEE Y' LATER!

BOYS SURE ARE *FUNNY!*

GO BACK HOME, PENNY! *YOU GOT NO RIGHT TO FOLLOW ME!*

I SURE DON'T KNOW WHAT'S TO SEE—I BETCHA SHE ISN' SUCHA MUCH—!

WELL? HOW WAS SHE?

WONNERFUL!

DID YOU REALLY SEE HER?

SURE! —AN' IF I HADN'T DUCKED BEHIND THE HEDGE REAL FAST *SHE'D OF SEEN ME, TOO—!*
